Recertification Courses are beginning to post to the website. Assignors can request a course through this website. The minimum course size has been reduced to 15 people.

Some people who have allowed their referee license to lapse for more than one year can recertify WITHOUT attending an entire Entry Level Course. [Click HERE](#) for more information.

New Referees

Entry Level Courses are held in all districts in the first quarter of each year (January-March). Pre-registering for a course through this website is required for anyone desiring to become a referee in Kentucky.

There are two different types of licenses that are offered to new referees in Kentucky, grade 9 (blue patch) and grade 8 (black patch). In soccer, the lower the referee grade, the higher level the referee has attained.

Grade 9 referees attend a one day 8 hour course and upon completion are licensed to referee recreational youth games as the referee (person in-charge with the whistle) or assistant referee (person who stays off of the field with a flag) on ages up to and including Under 14 year old players. Grade 9 referees can also act as assistant referees on competitive games (teams that are not created by a random draw - normally try-outs establish these teams). The cost to become a grade 9 referee is \$65.00. There is not any minimum age required to become a grade 9 referee. However, the material is written on a seventh grade (Middle School) reading level. If the license is obtained at a course after August 1st, it is current for the remainder of that year plus the entire next year. Otherwise licenses are only valid for the current calendar year (January 1 - December 31). Recertification involves attending a one day five hour course, passing an exam (retests are free), and costs \$60.00. Recertification courses are offered in November and December of each year in all four districts.

Grade 8 referees attend a two and a half day course (normally a Friday night, all day Saturday, all day Sunday) that covers at least 16 hours of instruction plus an exam. Grade 8 referees are eligible to be assigned as a referee or an assistant referee on both recreational and competitive games at the youth and adult levels. The cost to become a grade 8 referee is \$65.00. There is not a minimum age required to become a grade 8 referee. However, the material is written on an eight grade (Middle School) reading level. If the license is obtained at a course after August 1st, it is current for the remainder of that year plus the entire next year.
